

PRODUCT & BATCH

Product	Emerald Supergreens — Pineapple, 360 g pouch
Batch number	30500201
Date of manufacture	14 April 2026
Re-test date	13 April 2028
Country of manufacture	United Kingdom
Status declarations	Non-GMO · Non-Irradiated · TSE/BSE-Free
Organoleptic check	Conform — appearance, odour, flavour

OVERALL RESULT: PASS

All test parameters within or below specification limits. Heavy metals tested by Campden BRI (UKAS lab no. 1079). Microbiology tested by SGS United Kingdom Limited (UKAS lab no. 1549). Both labs are independent of Emerald Nutrition.

HEAVY METALS — TESTED BY CAMPDEN BRI

Independent UKAS-accredited testing (Campden BRI, lab no. 1079). Method: TES-AC-686. Report no. 204354 / Project ref. 260407-00184. Issued 10 April 2026, authorised by Megan Errington, Supervisor.

Element	Result	Spec limit	% of limit	Status
Arsenic	0.34 mg/kg	1.0 mg/kg (1.0 ppm)	34%	PASS
Cadmium	0.050 mg/kg	1.0 mg/kg	5%	PASS
Lead	0.15 mg/kg	3.0 mg/kg	5%	PASS
Mercury	0.009 mg/kg	0.1 mg/kg	9%	PASS

MICROBIOLOGY — TESTED BY SGS UNITED KINGDOM

Independent UKAS-accredited testing (SGS UK, lab no. 1549). Report no. 1056526 / SGS Job ref. 1056526-1. Issued 10 April 2026, authorised by Andrea Perez, Data Specialist. No pathogens detected. All counts within specification.

Analyte	Result	Method / Status
Salmonella spp	N.D. in 25 g	CBG-M-SOP-050 · UKAS
Listeria spp	N.D. in 25 g	CBG-M-SOP-049 · UKAS
Listeria monocytogenes (enumeration)	<10 cfu/g	CBG-M-SOP-030
Presumptive E. coli (β-glucuronidase pos.)	<10 cfu/g	CBG-M-SOP-004 · UKAS
Presumptive Enterobacteriaceae	<10 cfu/g	CBG-M-SOP-003 · UKAS
Total Yeast Count	<20 cfu/g	CBG-M-SOP-012 · UKAS
Total Mould Count	180 cfu/g	CBG-M-SOP-012 · UKAS

NOTES

Independent verification. Campden BRI and SGS United Kingdom are independent third-party UKAS-accredited testing laboratories. Their reports are not influenced by Emerald Nutrition.

Specification basis. Spec limits referenced are Emerald Nutrition's finished-product specification (Version 9, GREENS — Emerald Nutrition Supergreens, Original Pineapple). Where applicable, micro limits follow standard UK food supplement industry practice for greens powders.

Original lab certificates. Original Campden BRI and SGS reports are held on file by Emerald Nutrition and available for compliance review on request via hello@emerald-nutrition.com.

Scope of this document. This is a customer-facing summary of independent batch testing. It does not contain dosage, efficacy or health-outcome claims; for those, consult the supplement facts panel and the published research at emerald-nutrition.com/pages/research-led-approach.
